Pat,

The St. Louis Park Solvent Plume was listed on the State MERLA Permanent List of Priorities (PLP) in April of 2010. This listing was preceded by the listing of the Edina Well Field contamination, which was listed on the PLP in July of 2006.

Crague,

I was trying to confirm the Highway 100 and County Rd 3 site was on MN's MERLA list, can couldn't find this info on the state's website, <https://www.pca.state.mn.us/waste/st-louis-park-solvent-plume-and-vapor-intrusion-site> Can you confirm?

Thank you,
 Pat
